

SCHOOL OVERVIEW

MISSION

At New Hope's ARISE, we are excited about raising up a generation of radical partners with Christ, who are encountering God and being empowered to extend His kingdom in the region and nations of the world. ARISE exists to equip students to live out the prophetic declarations Jesus gave to his followers – to hear what He is saying and to do what He is doing everyday of our lives.

At the heart of ARISE are several characteristics of our DNA that are expected and experienced in the life of this community:

- Knowing our identity in Jesus Christ and being sons and daughters of the King.
- Living in a culture of honor, where the goal is not for everyone to agree, but where everyone is valued and empowered.
- Living a lifestyle of radical overcoming faith, where possibilities are pursued by risk-takers and kingdom shakers.
- Enjoying the extravagant love and pleasure of God as a lifestyle.
- Manifestations of glory and signs and wonders are happening.
- Lives are being transformed by the love and presence of God's power.

ATMOSPHERE

ARISE is a Holy Spirit-led ministry atmosphere, where students of all ages can learn how to live in the power of His presence and advance His Kingdom through supernatural life-style. One of the core values is "honor," which is illustrated through joining the generations and teaching every age group to honor and serve one another.

The emphasis is "hands on" training and experience with academic understanding. It's about a "teach, experience and do" culture, where students are expected to take risks and bold steps to stretch their faith and grow in an adventure of doing the works of the Kingdom. Instructors not only explain information, but also offer to impart what they have to the students. Unlike traditional schools, in which students are given information on which they are tested, ARISE provides information and examples of supernatural ministry being lived out, along with opportunities to worship, pray, share and practice. Above all, students are challenged to live with victorious faith in every area of life, at all times.

ACADEMIC OVERVIEW

The academic instruction at ARISE is unique because it is taught by apostles, prophets, evangelists, pastors, and teachers from Bethel Church, Redding and New Hope. This gives the learning experience a living perspective with five-fold distinctions.

The students receive a great deal of historic commentary and insight into scriptures, but are also immersed in a revelatory culture, where the Holy Spirit becomes the chief instructor and tour guide, who causes the Kingdom to come alive through the pages of the Bible. Students learn to heal the sick, prophesy, preach, practice His presence, evangelize the lost, and much more.
